Fault Description (Please attach additional sheets if required)	
If you have an issue with a MadgeTech data logger, please email us the MTFF data file of the relevant issue to evaluate the issue. Email: support@pacificsensortech.com.au	Please follow the steps below to save the data file in MTFF format. <ol style="list-style-type: none"> 1. Open the relevant data file in MadgeTech 4 software. 2. Go to "File" in the top left corner of the software. 3. Select "Save to" 4. Select MTFF (red coloured) 5. Give a location to save the file
Were any of the returned products subject to hazardous materials/environments?	YES NO
What sterilization method was used to ensure the product(s) is safe for human handling?	

PLEASE NOTE MadgeTech data loggers over 5 years old are ineligible to repair due to updated requirements of MadgeTech.

An inspection/testing fee of **\$90.00 + GST** plus return shipping charges may apply if **NO FAULT IS FOUND** on returned products for service. Additional repair charges apply for products out of warranty.

Please note that the warranty does not apply for damage or malfunction due to improper use and care of products. Before returning, please check the condition of batteries and electrodes etc. If in doubt, please call the service department on 03 9763 2228. Consumables such as batteries and certain probes are not covered by the warranty unless specifically stated in the invoice.

I hereby certify that the information supplied above is true and the product(s) identified above is free of harmful levels of radioactivity or biohazards (including Penicillin and BLactams) and is safe for human handling.
